Harlequin

Reversible Pro™

Established over four decades ago, Harlequin Reversible is the original double-sided dance and stage floor. It's a hardwearing yet lightweight calendered vinyl that is slip-resistant on both sides, thus providing two floors in one! Special wear coats make it easy to maintain and it rolls out quickly.

Harlequin Reversible Pro has the same features as Harlequin Reversible but with the addition of a new mineral fibre interply layer, it is now even more dimensionally stable and therefore relaxes and lays flat even quicker.

Ideally laid onto any hard, smooth surface, **Harlequin Reversible Pro** is suited to touring due to ease of handling and portability and is suitable for a wide variety of uses including ballet, contemporary, modern, percussive dance including flamenco, Irish and tap, multi-purpose use, hip-hop, jazz, street, aerobics, zumba, concerts, display, exhibitions, television, theatres and for operatic performances.
