Harlequin's range of Printed Vinyl Floors

A totally unique floor for stage sets, musical production, touring, events or display.

Harlequin's printing service allows you to choose your own design adding an exclusive, new dimension to your Harlequin floor.

A printed finish is available with Harlequin Cascade, Harlequin Clarity or Harlequin Reversible Pro vinyl floors. Your printed floor can be either large or small scale, depending on your needs.

Printed vinyl flooring is perfect for theatre productions, touring performances and product launches as well as events and display, sets, exhibitions and museums.

Colour matching available

- Eco-friendly, solvent-free UV cured inks mean very rapid drying times.
- Excellent ink adhesion to the substrate gives a durable, abrasion resistant surface.
- The fire rating of the Harlequin floor is unaffected.

Artwork requirement for digital printing:

- Colours and bitmaps CMYK (not RGB).
- Large sizes can be supplied scaled down but must be in correct proportion to the final output.
- Pantone colours will be printed as CMYK.
- Minimum area for print 25m².
- Trimming is available depending on graphic layout.

Harlequin Cascade

Harlequin Cascade is the ultimate heavy-duty dance floor, providing deceptively good grip. Harlequin Cascade is specified for loose-lay or permanent installation within dance institutions, dance studios, schools and theatres. It is suitable for multi-purpose use including ballet, contemporary and percussive dance, as well as concerts, exhibitions, TV and theatres.

Harlequin Clarity

Harlequin Clarity is a durable clear vinyl flooring with an embossed texture suitable as a dance surface and for high traffic commercial use and heavy foot fall. It is specially formulated for bespoke reverse digital printing. The printed design is on the underside of the floor and so protected from the wear and damage. Harlequin Clarity can also be used as a clear protective wear layer which allows the floor underneath to show through.

Harlequin Reversible Pro

Harlequin Reversible Pro is a double-sided dance and stage floor. It is a lightweight calendared vinyl that rolls out quickly and lays flat. It is hard-wearing and slip-resistant on both sides. Harlequin Reversible Pro has a mineral fibre interply layer making it more dimensionally stable, allowing it to relax and lay flat quickly, making it an ideal surface for printing.

Romeo and Juliet: Beyond Words

BalletBoyz, Michael Nunn and William Trevitt, directed Romeo and Juliet: Beyond Words starring Francesca Hayward and William Bracewell of The Royal Ballet. Beautiful sets were created with bespoke printed Harlequin Cascade and Harlequin Reversible Pro vinyl performance floors and Harlequin Liberty sprung floor panels hired for the six-week shoot in Budapest.

BALLETBOYZ 

Aurum

The outstanding production of The Australian Ballet's Aurum featured a reflective gold Harlequin Hi-Shine vinyl performance floor and a spectacular Harlequin Clarity transparent vinyl bespoke printed with Jon Buswell's unique design for the flying backdrop.

Imperial War Museum

Harlequin printed, supplied and installed over 900m² of Harlequin Clarity event floor vinyl across the imposing Atrium at the Imperial War Museum, bringing internationally renowned artist Ai Weiwei's 'History of Bombs' artwork to life. The print was applied to the underside of the 2mm thick, transparent vinyl floor, giving the artwork a protective wear coat capable of withstanding very high foot traffic, vital in busy venues such as museums.

Bolshoi

When Italian designer Ezio Frigero produced his stunning set for the Bolshoi Ballet's *Sleeping Beauty*, the Harlequin dance floor was an integral part of the concept. Using advanced wide-format computer-controlled printing techniques, the Bolshoi's design was digitized for printing on rolls of customised white Harlequin Cascade.

Björk

Harlequin was approached by set designer Chiara Stephenson for a bespoke glossy teal coloured vinyl, which Harlequin matched to the desired colour and printed onto Harlequin Reversible Pro performance floor which was then laminated to give a beautiful gloss finish.
